

Straight moves to expanded quarters

MT. REPOSE, Ohio — Straight Inc. is moving its drug rehabilitation programs into expanded quarters this weekend in the Clermont County community of Mt. Repose. Director Jerry Rushing said the expansion of the rehabilitation center will more than double its size, from 9,600 to 22,000 square feet, and will allow the number of clients to increase from 170 to about 250. Cincinnati businesses and foundations contributed \$700,000 to finance the expansion. The remaining \$200,000 was collected by parents, Rushing said.
