

DALE MAXWELL, M.D.

March 12, 1991

Dear Parents;

Dr. Maxwell is the Psychiatrist who works with clients at Straight.

He does the initial psychiatric evaluation and then continues to follow those clients who take medication.

Dr. Maxwell sees your child, usually on a monthly basis for this purpose. The charge for these visits is \$50.00 per visit. Some families choose to have us bill them for this service, while others prefer for us to file for the insurance benefit and bill them for any portion not covered by insurance.

If you would like for us to file this with your insurance company, please fill out the enclosed form and sign the Assignment of benefits form and return them to us in the enclosed stamped self-addressed envelope.
