Lansing, MI 48909

Dear Ms. Heard:

Our telephone conversation this week was very helpful in preparing us for the site visit on August 23, 1995 and I am very grateful for your assistance. As you know the Host Home component is very central to the family centered treatment model we provide.

As you suggested we have been in contact with our attorney who will draw up the necessary paper work on the Power of Attorney form and parental consent, as well as legal opinions that will protect program liability. If you would like to review this material, or any other documents before the site visit, please feel free to contract me, or the Clinical Director, David Key.

Pathway Family Center has come a long way this past year. We have obtained a four year COA accreditation that was effective in December of 1994 and have recently acquired provider status with Blue Cross/ Blue Shield of Michigan. Currently our census is 27 adolescent clients and approximately 75 family members.

We appreciate your continued support and look forward to seeing you on the day of the site visit.

Sincerely,

Sheryl Pimlott
