RE: LICENSE STATUS OF PATHWAY (formerly Straight)
LICENSE #630740

Ron Styka, Assistant Attorney General, was sent copies of Pathway documents that relieves the program from responsibility with children in Host Homes. Mr. Styka feels, per his voice mail message of 8/31/95, that CSAS can license this program with current assurances that are in place.

Pathway will continue to pursue a child placement license from DSS so they can monitor Host Home activities.

Please be advised we will monitor the activities of Pathway closely.
