Dear Ms. McGregor:

We are pleased to inform you that the Council on Accreditation has approved the accreditation of Pathway Family Center for a period of four years. This accreditation is effective through December 31, 1998 and includes the following services:

Day Treatment Service/Social Adjustment Service/Treatment-Oriented Day Care Service

Substance Abuse Treatment Service/Chemical Dependency Service

We are including, for your use, a Certificate of Accreditation and a sample news release prepared by the Council. In addition, those community agencies and organizations that participated in the Council study will be notified of the agency's success.

The Council's program of accreditation is designed to identify, through careful and detailed study, those agencies providing quality service to individuals and families. Accreditation by the Council attests to the fact that your agency has met nationally recognized requirements for accreditation. We wish you the best in your continuing service to persons in your community.

Sincerely,

David Shover
Executive Director
