FROM: SUZANNE BYRD

Dr. Ed Turner; psychologist who works with Potomac Insitute and also has a private practice in Annapolis, has agreed to work with us one day a week seeing families, couples, and/or individuals who need additional help but do not need to see a psychiatrist. He is a "new age thinker" who knows our program well, also, and will be of great benefit to us is helping kids and families get their lives straightend out and healthy.

Dr. Turner will be here on Wednesday afternoons from 2pm till about 6pm, depending on how many people he is seeing. If you have any suggestions of couples or families you feel need this kind of help, let me know. I will be acting as the liaison person for Dr. Turner's visits, with regard to scheduling appointments and staffing those people he sees.
