Dear Mr. President:

While never having written a letter to the White House before, this letter follows my separate letter that simultaneously has been sent to Mrs. Reagan, whom I had the honor to meet and be in the presence of during her visit to Cincinnati on September 17, 1984.

I was extremely thrilled and moved, in my position as President of the Administrative Board of Straight, Inc. in Cincinnati, to observe the strong conviction and steady grace in her efforts, as she visited our program, to combat the insidious drug problems that affect our youth.

Her encouragement and love was so genuine to our kids in treatment that I feel certain many of them will accelerate their recovery process due to the increased hope, motivation and strength that she instilled in them. She is a truly remarkable person whom I will always admire.

I very much appreciated receiving the Presidential Seal cuff links and best wishes for your re-election in November.

Respectfully yours,

Donald C Bell
