Tangier Island, in the middle of Chesapeake Bay, can be as serene as serene can be. It was the setting for artist Bill Crute of the Hilton Village Gallery to paint "Summer Morning," the picture on the poster for Straight Inc., a national drug-rehabilitation program with a chapter being organized in Hampton Roads. The Serenity Prayer is included on the poster.

Available at Hilton Village Gallery, 10233 Warwick Blvd., Newport News; phone 599-3961. Eleven-by-14 inches, it is sold unframed for \$15 and with a frame for prices determined by materials and labor.
